

Upon my search for a new home I met up with Darlene Gelinias from Milestone Realty at The Park of Wolcott. I was finding myself faced with a hard decision in my life. It was time for me to sell my home that I have lived in for many, many years and move somewhere that I had less to maintain and take care of. While going back and forth and trying to decide on the right decision, Darlene gave me all the time I needed to make the correct choice for myself without being pushy or aggressive.

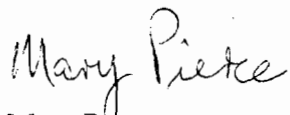

Once I finally made my choice to purchase a condo at The Park of Wolcott, Tim Bobroske was very accommodating to make any modifications needed for me to have this new home suit me perfectly for my everyday living style.

I can't be more pleased with my decision. My original intentions while trying to decide where I wanted to live never had any bearing on how close the post office, grocery store or bank were in proximity to the development of my choice but, what a great feeling to know how close and easy accessible everything is.

Now that it's been about a year since I moved in I can honestly say it has been a pleasure dealing with Tim. He has been most agreeable and helpful with any and all concerns I have had before I purchased - to now (a year later). Whenever I was in need to contact him he was always very accessible and responded quickly.

I love living in my condo. I feel like I purchased the best unit in this community for me. It is such a quite, peaceful and friendly place to live. While I am in my home I can't hear anything next door or from any of the other neighbors and should I choose to go out and talk with the community they are all very friendly and caring.

Sincerely,
